Marlin® Introduces a Youth Sized, Lever-Action Deer Rifle

The New Marlin 336Y

Madison, NC – Marlin recognizes that the future of hunting is in the hands of today's youth and to help them enter the woods with the best rifle possible, Marlin is offering the legendary Model 336 in a configuration specifically designed for you and optimally engineered with the young hunter in mind.

Chambered for the low recoil 30-30 Winchester cartridge, The **Model 336Y** is modeled after a Marlin classic, the 336C. To accommodate a small framed hunter, this carbine tips the scale at a light weight 6 ½ lbs. and is only 33 ¼" in length. The hardwood stock is shorten to a 12" length of pull and the 12 groove, Micro-Groove® barrel is 16 ¼" long. The rifle comes standard with an adjustable, semi-buckhorn folding rear sight, a ramp front sight with a brass bead and a Wide-Scan™ hood. The solid top receiver is drilled and tapped for scope mounts and an off-set hammer spur is included with every rifle.

The Marlin Model 336Y is the perfect rifle for young hunters to take their first deer. They'll be proud to join generations of Marlin owners who have engaged in the deer hunting tradition by carrying a classic Marlin lever action, **The Great American Rifle**.
